Discover all features of the app

Convenience, comfort and economy!

Easy control from wherever you are

Check real time conditions in your home, e.g. temperature or humidity and adjust them to the desired levels.

Centralized control of all Inventor devices

Manage all Inventor devices (air conditioners, dehumidifiers and heat pumps) from just one application.

Auto Notifications

Receive instant notifications for your pre-saved automations, scenarios, and available updates.

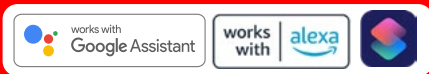

Weekly Planner

Adjust the operation of your device to your daily schedule and enjoy the perfect atmosphere.

Voice activated

Use voice commands and control your device hands-free.

Inventor Control APP is compatible with Google Assistant*, Amazon Alexa** and Siri Shortcuts.

It responds to your needs!

Plan your device to work for you!

Create smart scenarios that will be activated automatically according to your daily schedule, needs and weather conditions.

Stay humidity-free at home, even when away!

Are you at the office when it starts raining? Do you want to return to a warm house without humidity?

- Set the dehumidifier to be activated every time the weather is rainy or there is high humidity in your area, and relax.

By the time you get home, the humidity will be under control!

Sudden heat wave. What about your pet?

Sudden high temperature? You don't have to worry about your pet!

- Set the air conditioner to be activated in cooling mode when the temperature rises above specific grades. So when the heat wave hits, the air conditioner will be activated automatically to create a cool place for your furry friend.

inventor

The logo features the word 'inventor' in a bold, 3D red font. The letter 'i' is significantly larger than the others and contains a white silhouette of a person with arms raised. The letters 'n', 'v', 'e', 'n', 't', 'o', 'r' are also 3D and have various human figures interacting with them: a person is climbing the 'v', a person is sitting on the 'e', and a person is standing on the 'o'. The entire logo is set against a white background with a soft shadow underneath.

Inventor A.G. S.A.
